Nominations Now Open for 2015 BAI - Infosys Finacle Global Banking Innovation Awards

Awards Program Continues to Celebrate Excellence in Innovation with Three New Categories

Chicago, IL [February 9, 2015] - Today, [BAI](#) and [Infosys Finacle](#) announced that nominations are now open for the 2015 BAI – Infosys Finacle Global Banking Innovation Awards. Now in its fifth year, the program is expanding beyond the original categories to reflect changing retail banking industry dynamics with the introduction of [three new awards categories](#) -- Innovation in Payments, Most Innovative Community-Based Banking Organization and Most Innovative Non-Bank Organization.

“The new changes in this year’s program will enable us to further recognize innovation and originality throughout our industry, including community financial institutions and new non-bank entrants that provide direct-to-consumer banking products and services,” says Debbie Bianucci, president and chief executive officer of BAI. “These new additions, along with our original award categories, provide a highly visible platform for global recognition of the many types of organizations driving innovation in financial services to better serve customers. We invite financial institutions from all regions of the world to participate in the nomination process to celebrate the industry’s commitment to innovation.”

“As a transformation partner to banks globally, we recognize that continuous innovation is the most vital element of success for today’s financial institutions. At Infosys Finacle, our pursuit is to empower banks to accelerate innovation by simplifying banking” says Michael Reh, Senior Vice President & Global Head, Infosys Finacle. “This awards program honors those that have accelerated innovation, created leading products, and enhanced the customer experience.”

Since 2011, the distinguished awards program has been recognizing breakthrough innovation in the retail banking industry from leading global

financial institutions. Nominations will be accepted from financial institutions, solutions providers, non-bank organizations providing direct-to-consumer financial products or services, industry analysts and public relations firms that represent those organizations. There is no fee for submitting nominations.

Organizations can submit nominations in the following categories: Product and Service Innovation, Channel Innovation, Innovation in Internal Process Improvement, Innovation in Societal and Community Impact, Disruptive Innovation in Banking, and Most Innovative Bank of the Year. Three new award categories are being added in 2015 including: **Most Innovative Community-Based Banking Organization, Innovation in Payments, and Most Innovative Non-Financial Organization.**

Finalists and award winners will be selected by [The Innovation Circle Judging Panel](#), a distinguished international group of prominent industry thought leaders and retail banking professionals.

Winners and finalists will be recognized by BAI and Infosys Finacle during an awards ceremony at the BAI Retail Delivery Conference & Expo, scheduled October 13-15, 2015, in Las Vegas, NV, USA. As the premier conference in retail banking today, BAI Retail Delivery attracts thousands of influential bank executives and hundreds of top solutions providers from all regions of the world.

Those seeking to submit nominations can do so online at baiglobalinnovations.com through April 15, 2015.

Safe Harbor

Certain statements in this release concerning our future growth prospects are forward-looking statements regarding our future business expectations intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995, which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding fluctuations in earnings, fluctuations in foreign

exchange rates, our ability to manage growth, intense competition in IT services including those factors which may affect our cost advantage, wage increases in India, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, industry segment concentration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks or system failures, our ability to successfully complete and integrate potential acquisitions, liability for damages on our

service contracts, the success of the companies in which Infosys has made strategic investments, withdrawal or expiration of governmental fiscal incentives, political instability and regional conflicts, legal restrictions on raising capital or acquiring companies outside India, and unauthorized use of our intellectual property and general economic conditions affecting our industry. Additional risks that could affect our future operating results are more fully described in our United States Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2014 and on Form 6-K for the quarter ended September 30, 2014. These filings are available at www.sec.gov. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Commission and our reports to shareholders. In addition, please note that the date of this press release is mentioned at the beginning of the release, and any forward-looking statements contained herein are based on assumptions that we believe to be reasonable as of this date. The company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the company unless it is required by law.
