A rewarding workplace

At BAI, we take our work seriously, but more importantly we want everybody to enjoy being here. Here’s how we help create a positive and productive work environment.

**Office Locations**
With offices in two major cities, we understand the challenges of commuting to work. BAI offices are conveniently located in the financial district of the Chicago Loop close to public transportation, and right off I-270 in St. Louis. In Chicago, we offer tax savings on your qualified commuting expenses.

**Dress for Your Day**
Dressing right is important, and so is being comfortable. Dress to suit your daily work environment and schedule. Wear more casual attire depending on your responsibilities and interactions for the day.

**Fitness Center**
Healthy employees are happy employees. Our Chicago and St. Louis office buildings offer a fitness center, available for you to use at no charge.

**Summer Hours**
Summer weekends are especially wonderful. We close our offices early every Friday in July, so you can enjoy more of your summer days.

**Education Assistance Program**
We place a high value on training, education and personal development. For employees taking additional college or graduate school courses, we’ll assist with your tuition up to four courses a year.

**Activities, Food & Fun**
We make it a priority to have an enjoyable and fun workplace. From the complimentary beverages in the break room to our annual BAI Week summer celebration, we strive to create an environment where your hard work is comfortable and rewarding.

**Giving Back**
We believe it’s important to give something back to our communities. The BAI Community Connectors group organizes events and opportunities to volunteer throughout the year.
“BAI strives for its employees to maintain a great work-life balance.”
